

MDZ Otomotiv Döküm Makine Sanayi Ltd.Şti.
SPARE PARTS FOR CONCRETE EQUIPMENTS

PRODUCT CATALOGUE

www.mdz.com.tr

info@mdz.com.tr

Dear Sir, Madam,
Hope you are doing fine,
We want to sell our products on your Market,
we are in search of buyers and importers .

MDZ Otomotiv Döküm Makine San. ve Tic. Ltd. Şti. was established on March 15, 2010 in Konya, Turkey for manufacturing and distributing spare parts for truck mixers (Imer, Stetter, Beta, Intermix, Liebherr, Cifa, Baryvall, Euromix etc.) and concrete pumps (Putzmeister, Schwing, Cifa, Sermac,etc.).

We produce more than 1000 products according to international quality standards with our professional team in our 3 factories (foundry, machining and spare parts assembly)

We produce our products with high tech machines and equipment.
They offer high strength, corrosion resistance,
easy installation and trouble-free operation.

We have adopted the vision of being a leading company in its sector with an understanding based on customer satisfaction, continuous development, quality, teamwork, social responsibility, professional management approach, compliance with technological developments and sharing . Within the framework of this vision we have set , we have adopted our “MISSION” to be an exemplary company that creates value for our customers and employees .

Our engineers inspect all production units, test and evaluate our products before delivery. As MDZ Machine, we are exporter of 25 different countries, and this number is increasing day by day.

Do not hesitate to contact us. Here you can see the contact information below:

Whatsapp : [+905379239691](https://wa.me/+905379239691)

Email: info@mdz.com.tr

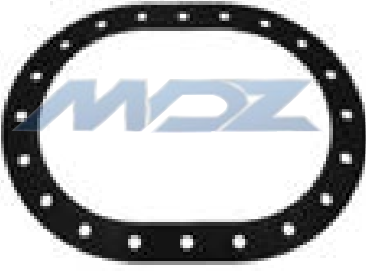

If you are interested we would be happy to send you any further information and we would like to discuss the subject with you in the near future as well.

Thanking for your kind interest and we look forward to your early reply ,
we remain .

Special orders are possible.

An aerial photograph of an industrial facility. In the foreground, a yellow building with a corrugated metal roof and large multi-paned windows is visible. The words "MDZ" and "DÖKÜM" are printed on the side of the roof. The building's large bay door is open, revealing a dark interior with some yellow equipment. To the left and slightly behind this building is a larger, older building with a light-colored corrugated metal roof. It also features the "MDZ DÖKÜM" logo on its side. The ground is a flat, light-colored surface, possibly concrete or dirt. The overall scene is captured from a high angle, looking down at the industrial complex.

The image shows a large industrial facility, likely a foundry or metal processing plant. In the upper half, a yellow overhead crane with the text "DÖKÜM" and "CE" is visible against a dark ceiling with several bright industrial lights. The lower half of the image shows a worker in a grey shirt and dark pants handling a stack of rectangular metal components on a conveyor system. Other workers and industrial equipment are visible in the background, creating a busy manufacturing environment.
